## **\*\*About Grand Theft Auto: Vice City\*\***

In Grand Theft Auto: Vice City players step into the shoes of a criminal in the 80s, who wants to become the ruler of the city.

Grand Theft Auto: Vice City takes you back to the 80's. In the game you will discover the great city of Vice City and its different areas. Get into a car, drive through the streets and rule the criminal world of Vice City. To make it to the top of the criminal world, you not only have to use your fists, but also weapons or tanks. There are also numerous missions and contracts which can be solved during the game.

## **\*\*Grand Theft Auto: Vice City – Features:\*\***

- Make it to the top of the criminal world: In Grand Theft Auto: Vice City you experience the world of the 80s from a whole new perspective. You step into the shoes of a ruthless criminal who wants to make it to the top of the criminal world. To achieve this goal, you have to duel with numerous enemies and often use not only your fists, but also weapons or tanks. In addition, choosing the right vehicle is crucial so that you can escape from the police or enemies.
- Discover Vice City: Vice City is a big city, where you'll always find exciting places and action-packed situations. Since the city covers many different areas, there is much to discover. Find a vehicle, drive through the streets of Vice City and discover numerous places such as the beach, the swamps or the ghetto.
- Numerous cars and means of transportation: Since you cannot go permanently on foot, a suitable means of transportation is very important. You don't need to buy car, you just steal it from other people. Choose a vehicle, throw the driver out of the car and whiz away. In the game you have many different vehicles available, ranging from noble cars to smaller scooters.
- Complete Missions: In Grand Theft Auto: Vice City, exciting missions and contracts await you time and time again, which you can solve during the game. This does not only bring variety into the game, but can also unlock objects or bring rewards.
- Create your own playlist: You can either use the playlist created by Grand Theft Auto, which mainly contains songs from the 80s, or create an own playlist with your favorite songs.

**Conclusion:** The Mobile Game Grand Theft Auto: Vice City allows you to play the popular console and PC game finally on your smartphone or tablet. Since the game is already 10 years old, of course, the graphics cannot keep up with other mobile games. However, the graphics of the game also brings back nice memories of nights full of gaming.
