

# Pou

## **\*\*About Pou\*\***

Pou is a kind of virtual pet that users have to take care of. The tasks of the player are manifold: Pou must be fed, washed or entertained, for example.

Pou is a small cute bunch, but has also many needs. Because of this, you have to take care of your virtual pet and feed it, for example, wash it or keep it healthy. If you take good care of Pou, he matures from baby pou to adult pou. In addition, you can design Pou according to your ideas and equip him with different outfits and accessories. If you play mini-games with Pou or do certain activities with Pou, you also earn coins that you can use to buy new outfits, potions or wallpaper.

## **\*\*Pou - Functions:\*\***

- Take care of Pou: You always wanted to have a pet, but unfortunately you do not have the time or you simply have no place? Then Pou is just the right app for you. As with a real pet, you have to make sure that Pou is always well. For example, you need to feed it, wash it or keep it healthy if it is ill. If you take good care of Pou, he will grow up fast. Experience all ages with your virtual pet, from baby pou to full-grown pou.
- Create Pou: Pou is your pet, so it should meet your expectations. You can not only personalize Pou's looks, such as his color, but also equip him with cool outfits or accessories such as hats or glasses. Your creativity is limitless.
- Play mini-games: In the app you will find numerous mini-games, which you can play together with Pou. If you play mini-games, you do not only have a lot of fun, but you also earn valuable coins. With these coins you can, for example, buy new outfits or potions in the shop.
- Go out: Although Pous's home is large and has many rooms, a trip to nature could be great fun for both of you. Explore different places such as the playground or the football field and make sure that Pou always has fun.
- Play with friends: If your friends also have a pou, you can even play with them. Many mini-games such as football can be played in pairs.

Conclusion: Pou is an entertaining simulation game in which you have to take care of a small cute bunch. Of course, as with a real pet, you have a lot of work to do, but numerous mini-games and other activities provide plenty of variety and fun.
