****About Balls Race****

Balls Race is a high score game in which players have to control a small ball as long as possible over a race track. In order to get a good score, the player has to avoid many obstacles and prove a good timing.

Balls Race is all about reaching a high score. You control a small ball over a varied underground race track, where numerous obstacles will be waiting for you. You always compete against other balls, which have to be overtaken during the race. If you manage to lead the race and to avoid all obstacles, a new high score is almost certain. When you leave the race, your starting position deteriorates automatically. In order that your ball is even faster, you have to drive over special yellow fields, which are on the racetrack. These give you an extra boost, with which you can easily pass other balls.
