

# Choices: Stories You Play

## **\*\*About Choices: Stories You Play\*\***

In Choices: Stories You Play, users can experience various stories from the genres of romance, crime or fantasy up close and influence their course by making decisions.

In Choices: Stories You Play, you decide how the story ends. There are many different stories from the genres of love, fantasy, crime or horror available. The special aspect about these stories is that you can influence the course of the story by various decisions. As new chapters are released every week, you can always be excited about new adventures.

## **\*\*Choices: Stories You Play - Features:\*\***

- Become part of the story: In Choices: Stories You Play you can experience many stories up close. You slip into the role of a character that has to make decisions about the course of the story. The app presents you three different ways to respond to different situations in the story. Decide on one and be surprised what unexpected turn the story may take.
- Different genres: In Choices: Stories You Play you not only find romantic love stories, but also exciting crime or fantasy stories. The large selection of different stories allows you e.g. to conquer your crush, to hunt a criminal, or to decide the fate of your kingdom - the choice is yours.
- New chapters every week: As new chapters are published every week, you can enjoy the different stories to the full and experience new adventures weekly.
- Subscribe: You can either play Stories: Choices You Play for free, without a subscription, or subscribe to get unlimited access to all the stories and chapters.

**Conclusion:** In Choices: Stories You Play, everything depends on your decisions. You can influence the exciting, romantic and sometimes scary stories of the app individually by your decisions. Become part of the story and experience the adventures of the protagonists up close.
