

Clue: Classic Mystery Game

****About Clue: Classic Mystery Game****

Clue: Classic Mystery Game brings Hasbro's popular detective board game on your smartphone or tablet. As in the board game, it's your job to solve a cold-blooded murder.

The mobile game Clue: Classic Mystery Game allows you to play Hasbro's beloved detective game anywhere and anytime. As in the original board game, Clue: Classic Mystery Game is all about a cold-blooded murder in the Tudor Mansion. After Mr. Boddy has been murdered, it's up to you to solve the murder. For this you have to find out who the perpetrator is, in which room the murder took place and with which weapon Mr. Boddy was murdered. With the help of the virtual Clue Sheet you can take notes and thus eliminate suspects. Keep track, make deductions and find out which of the six attendees is the culprit.

****Clue: Classic Mystery Game - Features:****

- Solve the case: In Clue: Classic Mystery Game you spend a nice evening with seven other guests in the Tudor Mansion. Unfortunately, your nice get-together is interrupted by the cold-blooded murder of Mr. Boddy. Your task now is to solve this cruel murder. From the beginning, one thing is clear: the perpetrator must be one of the six attendees. Find out who the culprit is, in which room the murder took place, and with what weapon Mr. Boddy was murdered. To move around the villa and search the rooms of the villa, you just have to roll the dice. Explore the rooms of the villa, question the attendees and combine the collected facts: Once you've collected enough evidences, you can suspect one of the attendees. Is Miss Scarlet, Colonel Mustard or Dr. Orchid the culprit? The player who solved the murder first wins the game.
- Use the Clue Sheet: With six attendees, numerous rooms and many possible weapons, you can quickly lose track. In order that you can collect all facts and combine them correctly, you have a virtual Clue Sheet available. On this you can take notes or exclude people. With the help of this Clue Sheet, you can find out even faster who the culprit is.
- Multiplayer mode: Of course, you do not play Clue: Classic Mystery Game alone. You can play either against up to five computer opponents or against other players online. You also have the option of starting a private game with your friends or family. Step into the shoes of a detective and find out who can solve the murder first.

Conclusion: Clue: Classic Mystery Game is a successful realization of the popular detective board game. The well-known gameplay will certainly bring back many happy memories of fun evenings with friends or family.
