Control the chicken so that it is not run over by any approaching truck or car. But you do not only have to cross roads, but also railroad tracks or rivers. Here, new dangers await you: Since trains are much faster than cars or trucks, you have to cross the train tracks even faster. To get to the other side of the river, you have to jump on floating tree trunks.
- Easy control: Your character is controlled with simple swipes or taps on the screens. When you tap on the screen, your character makes a leap forward.
