

Goat Simulator

****About Goat Simulator****

Goat Simulator is a crazy and odd goat simulation for smartphones or tablets. Players can experience the life of a goat and put the cat among the pigeons.

With the help of Goat Simulator you become a goat. If you always wanted to know what it's like to be a goat, this crazy game hits the spot. Your goal is the demolition of many things as possible. Put the cat among the pigeons and experience a wild and funny adventure as a goat.

****Goat Simulator – most important facts: ****

- Become a goat:** Goat Simulator offers you the possibility to experience the life of a goat. Your only aim in this odd game is the demolition of as many things as possible, no matter if these things are humans or objects. As a goat you put the cat among the pigeons. You earn points for everything you destroy. Compare your points with your friends and find out who has what it takes to become the alpha goat.
- Just odd:** On Goat Simulator you are always faced with odd and crazy situations. You goat can e.g. use a jetpack and destroy objects with its help. Besides the developers admit that there are some integrated game features which rock the boat and increase the game adventure. This is due to many intended and not eliminated bugs which create odd situations again and again.
- Just a joke:** Goat Simulator was actually designed as a joke. The developers wanted to make fun of the other simulation games which often do now show the reality. Since the game enjoyed great popularity, the developers developed a mobile version of Goat Simulator and game extensions.

Conclusion: By using Goat Simulator, fun is guaranteed. Experience the life of a goat and rock the boat. Destroy objects, attack humans and enjoy your wild life as a quarrelsome goat.
