You will also receive new coupons or discount promotions regularly that help you to save money **\*\*Joom - Features:\*\***

- Shop millions of articles: In the shopping app Joom you will find a wide range of cheap products. In addition to women's and men's clothing you can buy, for example, sports products, electronics or cars and motorcycles. No matter what you are looking for, here you will surely find something. The app also promises that all products offered are quality products and all sellers are regularly checked. Finally, the goods offered should meet your expectations and quality standards.
- Free Shipping: Joom offers free shipping to all users. Even if you buy items from sellers in other countries, you will not be charged for delivery. In addition, Joom promises that the delivery is always fast. You can check the status of your shipment at any time in the special section "tracking". It shows in detail which steps have already been taken, where your order is currently located and when it is expected to arrive.
- Dissatisfied? Money back: If your order is not delivered or the product is defective or damaged, Joom will of course refund the amount which was paid by you.
- Personalized recommendations: The more you use the app and the more products you've already purchased in the app, the more accurate the recommendations the app will provide for you.
- Discover great bargains: In the Joom app you will be regularly informed about great discount campaigns, coupons or offers, with which you can save even more money.

Conclusion: The shopping app Joom will especially convince smart spenders. The app offers users a wide range of particularly low-priced products, which can often even be combined with coupons or discount campaigns.
