****Madden NFL Football - Features:****

- Set up your team: In Madden NFL Football, you can live the life of an NFL manager. Choose your NFL franchise, set up your own team from the best players of all time, and train your players. If you train your players regularly, they can learn so-called super skills and get even better. When you complete the daily goals with your team, you also receive rewards that you can use to improve your team.
- Play tournaments: In the game you can always participate in exciting tournaments against strong opponents. In order to participate in tournaments, you first have to win special tickets in the weekly challenges. The more tickets you own, the more frequently you can participate in the tournaments. If you win a lot of tournaments, you can also go up in the leaderboard.
- Play the NFL: A special feature of Madden NFL Football is that you can easily play all NFL moves and matches in the game. Simulate great moves or play real and legendary matches.
- Story Mode: In the new story mode you can start your own football career. You start as a football beginner who wants to make it to the top of the league. Train your player and help him to win fame. Every month new stories and challenges are available that could affect the course of your personal career.

Conclusion: In Madden NFL Football, you can experience the big world of football by yourself. You can manage your own NFL franchise and lead your team, as well as start your personal football career in story mode. Since the game provides you with many well-known NFL legends and legendary matches, all NFL fans will be highly entertained.
