

Minecraft: Story Mode

****About Minecraft: Story Mode****

Minecraft: Story Mode is an adventure game that plays in the popular Minecraft world. In contrast to the well-known Minecraft game, in which you can move freely and live creatively, you will experience a five-part story in Minecraft: Story Mode.

Minecraft: Story Mode consists of five parts. You play either a male or a female character named Jesse, who has the task of saving the Minecraft world from the evil and power-hungry Ivan. For this you have to find the so-called Order of the Stones and wipe out many opponents on your journey and join forces with other characters. A special aspect about Minecraft: Story Mode is that you can finally experience a complete story in the popular Minecraft world, where your decisions have a direct impact on how the story continues. You do not only have to mine and craft, you also have to talk to many characters or fight enemies like zombies, spiders or skeletons.

****Minecraft: Story Mode - Features:****

- Experience an exciting story in the Minecraft universe: Minecraft: Story Mode offers you an exciting five-part story that takes place in the Minecraft world. At the beginning of the game you first have to decide whether you would rather play as a male or a female character. No matter which gender you choose, your character always has the name Jesse. In addition, the choice of sex has no effect on the course of the story. You and your friends have won tickets to the famous EnderCon and want to meet your hero Gabriel the Warrior there. At this event, however, the power-hungry and angry Ivan appears who wants to rule the world. You and your friends know immediately: to stop Ivan, you must find the legendary Order of the Stones.
- It's your decision: During the game you have to make decisions, which will have a direct influence on the further course of the story. So think carefully about how you decide, who you talk to and how you act. Everything can affect the outcome of the story.
- Talk, fight, build: In contrast to the original Minecraft game, Minecraft: Story Mode is not just about mining and crafting objects. In the adventure game, you mostly have to communicate with other characters to get new information. A lot of battles provide variety and action. During your journey, you will encounter many evil creatures such as zombies, spiders or skeletons that you must defeat.

Conclusion: Although Minecraft: Story Mode does not have much to do with the original Minecraft game besides the design, it is a successful and exciting adventure game.
