

Mobile Strike

****About Mobile Strike****

Mobile Strike is an action-packed strategy game in which players can immerse in the world of modern warfare.

In Mobile Strike you become a commander, head of state and strategist. You make war on hostile forces and have to try to defend yourself with the help of elite troops, military bases or assault vehicles. Build a strong military basis and equip your troops with the latest weapons to attack the enemies successfully. Forge alliances with players from all over the world and become the ultimate war strategist.

****Mobile Strike – how does it work?****

-**Strategy game with a lot of action:** Mobile Strike is an action game in which strategy is most important. You have to build military bases, form elite troops and equip yourself with different assault vehicles like tanks or helicopters in order to defend yourself in the best way against enemy troops. If you don't want to play defensive but offensive, you can equip your troops with strong arms or train your commanders.

-**Become the strategic head of state:** In Mobile Strike you not only have to build a strong troop and military basis but also prove yourself in the strategic warfare of a modern head of state. Ally with other players and increase your chances to damage the enemy more quickly and effectively. Support your allies and protect them against enemy troops and try to impede your enemies in their actions.

-**Play with millions of players worldwide:** On Mobile Strike you can fight against millions of players from all over the world. Ally with them or declare them as your enemies – the choice is up to you and your tactic.

Conclusion: Mobile Strike is all about action and strategy. In this action-packed strategy game you slip into the role of a modern commander and head of state. You have to build a strong military basis and elite troop in order to defend yourself against enemy troops. If you want to operate more offensively, you can equip your troops with the latest arms and assault vehicles. The course of play is completely up to you and your tactic. Since you can ally with or fight against players from all over the world, the game always stays exciting.
