## **\*\*About Onmyoji\*\***

Onmyoji is a strategy game in which players can compete in exciting PvP battles against players from around the world. The goal of the game is to become the ultimate Onmyoji.

In Onmyoji you play the role of a so-called Onmyoji. You are in a world dominated by both demons and humans. However, this balance between the powers was disturbed by evil spirits who began to seek power and strength. You are the only hope of restoring balance and saving the world from the evil forces of the underworld. As an Onmyoji, you can not only connect the powers of the two worlds, but also tame and summon spirits. Use the powers of the spirits to face enemies and defeat players from around the world. Only then can you become the ultimate and strongest Onmyoji.

## **\*\*Onmyoji - Features:\*\***

- Experience an exciting story: Onmyoji plays in a world where humans and demons once lived peacefully side by side. However, this balance between the different powers was disturbed by evil spirits who began to seek power, dominance and strength. Your job is to restore the once-prevailing balance between the two worlds. Because you are a so-called Onmyoji. As Onmyoji, you are one of the few gifted humans who can connect the two worlds as well as tame the evil spirits.
- Fight against players from all over the world: In Onmyoji, you will play in turn-based battles against players from around the world. You fight mainly with the help of so-called shikigami. These are powerful spirits that you can summon with your powers. Their unique abilities and strengths can be of great help in combat. There are hundreds of different shikigami available that can be collected throughout the game.
- Create teams: In order to defeat particularly strong opponents such as bosses faster and better, you have the opportunity to form a team. You can form a team not only with friends but also with other players from all over the world. If you defeat strong opponents or bosses together, you will win great rewards, which will then be shared between you.

Conclusion: Onmyoji is an exciting strategy PvP game that takes you into an imaginative and magical world of demons and spells
