- World's largest tabs archive:** By using Ultimate Guitar Tabs you can use the world's largest tabs and chords archive from Ultimate-Guitar.com on your smartphone or tablet. The archive includes around 1.200.000 different tabs and chords, from music classics to new songs. No matter which song you want to play: In this app you'll make a find.
- Efficient and fast search:** By dint of Ultimate Guitar Tabs' special search feature, you easily find the right tabs and chords. Use different filters like the difficulty level or the user's rating to find the right song.
- Automatic scroll feature:** Ultimate Guitar Tabs was optimally adapted for the use of smartphones or tablets. In order that you don't always have to scroll down while playing to see the chords, the app is equipped with a special automatic scroll feature.
- Hear songs, find tabs:** If you listen to a song on your smartphone or tablet and are interested in the song's tabs, you can easily use the app's "Now Playing" button. This button automatically forwards you to the tabs of the heard song.
- Use tabs even offline:** In Ultimate Guitar Tabs you can easily save the tabs and chords of your favorite songs in your favorites. You can also make your favorite tabs and chords offline available in order to play them anywhere.

**Conclusion:** Ultimate Guitar Tabs is an absolute must for all passionate guitar, bass guitar and ukulele players. Find the tabs and chords to your favorite songs, practice with the help of simplified diagrams and chords and use your tabs collection even when you're on the move. Because of the good adjustment to smartphones or tablets, tabs and chords are clearly shown.
