The Escapists – how does it work?

- Break out!** : The main task of The Escapists is a successful jailbreak. In the game you are a prisoner who wants to break out of prison at all costs. For this purpose you have to think of a creative plan, create different items and combine them with each other. The way you break out of prison is up to you. You can e.g. dig a tunnel, masquerade as a warder or incite a riot.
- Live the routine:** The Escapists is all about the right tactic. In order that the warders do not have any suspicion, you have to be part of the prison's everyday life. It is not only important to have a job in prison but also that you fall in for roll-call regularly. Besides you have to watch that your stolen or made items are hidden well from the warders.
- Wide range of prisons:** In The Escapists you have the choice between many different prisons of which you can break out. New: The Banned Camp. This prison is a nature idyll with beautiful lakes and wide grassed areas, but also with mean warders and a special electric fence which precludes you from moving too far from the camp.

Conclusion: In The Escapists you are a prisoner who accepts everything for his freedom. To break out of prison successfully you have to create a good tactic and a well-thought-out plan. Since you have the choice between different challenging prisons, the game is always full of surprises. Experience the popular jail game on your smartphone or tablet.
