## **\*\*About Trial Xtreme 3\*\***

In Trial Xtreme 3, players need to guide a motorcyclist on unique and challenging off-road tracks. The aim of the game is to reach the finish unscathed and as fast as possible.

Trial Xtreme 3 is a varied and exciting motorcycle game in which you have to compete in action-packed motorcycle races. There are more than 100 off-road tracks in front of unique scenery available. For example, you can race on the beach, at the harbor or in the wilderness. In addition, all tracks offer great excitement and action as they have many obstacles such as ramps or burning tires. When you win races, you earn money, which you can use to buy a new bike or new equipment. In online multiplayer mode, you can either play against your friends or against unknown players from all around the world. Even an offline multiplayer mode is available in the game in which you compete against "ghosts" of your friends.

## **\*\*Trial Xtreme 3 - Features:\*\***

- Drive exciting races: In Trial Xtreme 3 you control a motorcycle racer who wants to prove his skills on numerous off-road tracks. A special feature of the game is that you can race in extraordinary locations. For example, the races can take place on the beach, at the harbor, in the wilderness or in a big city. You have the choice of which route and in front of which scenery you want to drive. There are a total of over 100 tracks available, which are characterized not only by exceptional scenery but also by unique obstacles. For example, you have to venture daring jumps over ramps or jump through burning tires.
- Career Mode vs. Online multiplayer mode: You can play Trial Xtreme 3 in either career mode or online multiplayer mode. In career mode, you'll need to complete over 100 tracks in front of extraordinary locations and try to achieve a best possible result. In online multiplayer mode, you compete against your friends or against other players from all around the world in real time.
- Offline race against friends: A special feature of Trial Xtreme 3 is that you can compete against your friends not only online but also offline. The game saves the previous racing achievements of your friends and retrieves them during the race. Because of this, you can always drive against a "copy" of your friends, which imitates the driving style of your friend as closely as possible.

Conclusion: Trial Xtreme 3 offers players a lot of variety and numerous action-packed races. Since you have many different racetracks in extraordinary locations available, the game never gets boring.
