****What is Wish?****

-**Snatch bargains from sellers worldwide:** Wish is a shopping app with which you can buy low priced fashion or electronics. Online shops from all around the world can sell their products on this shopping platform. Wish only arbitrates between buyer and seller. By buying products via Wish you can easily save between 50 – 80%

-**Safe and quick payment:** You can pay with credit card, Google Wallet, Apple Play or PayPal. This guarantees a secure payment.

-**Easy return:** The return, the customer complaint or the reshipment of products passes of very easily. If you want return products, you have to contact the customer service from Wish and not the seller itself. For an easy and quick return, you just have to fill out the applied form which you can find in the Wish app.

Wish – please note:

-**Since the majority of sellers come from china, high shipping costs can incur.** In addition to that, the shipping can often take between 14 and 30 days. If you want to buy something in Wish, you maybe have to allow extra time.

-**Hidden costs:** Wish app only charges the costs of the article and the shipping. Since the products are mostly shipped from china, additional costs for taxes or customs can incur.

Conclusion: By dint of Wish app you can easily snatch low priced fashion or electronic bargains.
